Blurry to Sharp Vision

WHO WE ARE AND WHAT WE DO

Founded in 2020 and based in Cupertino, CA, the non-profit AINAK empowers underprivileged communities by providing free comprehensive eye exams and corrective eyeglasses, believing every person deserves the opportunity for academic success and confidence in life, regardless of their financial circumstances.

Website <myainak.org>

We have recently launched our program in New Jersey and are partnering with local schools and other non-profit organizations to extend our services of free vision care to under-resourced individuals, especially students. The program is available to families earning less than \$50,000 and/or lack vision insurance.

After reviewing the application packages for eligibility, we set up appointments on behalf of the patrons who then receive the services from the local optometry. We make the payments directly to the optometry without issuing vouchers to the recipients. The program does not cover the cost of progressive eyeglasses or contact lenses.

We do not discriminate based on age, sex, race, color, marital status, or immigration status.

[NOTE from MCSNA President, Wendy Madonia~ The NJSSNA VSP program is no longer -- so we have a new contact to reach out to with AINAK.]
